Colophon

The 2009-2010 edition of the Southern Accent was created using Adobe InDesign CS4. All photos were edited with the help of iPhoto. The sixty-ninth edition of this book was produced by the Herff Jones Publishing Company, with the assistance of our sales representative Merilyn Cook. Southern Accent was printed at the Herff Jones publishing plant in Montgomery, Alabama.

All funding for the yearbook was provided by the Birmingham-Southern College Student Government Association. The cover and layouts were designed by the editor and the staff. The primary fonts used in the book are AHJ Arizona and AHJ Syntax A. The pictures presented in this book are courtesy of the staff photographer, students, faculty, and other campus photographers.

Closing

I would like to say thank you to Kyle La Porte, the Southern Accent faculty advisor, and the SGA. I would also like to thank Alyssa Briggs, the staff photographer, and Aubry Myers, the Greek Life section editor. This book could not have been completed without Madeline McSmith and Erin Vogt, both of whom worked long hours after school ended in May. Thank you for all of your hard work.

-Anna Goode, Editor-in-Chief
